SUMMARY

Frontend-focused Web Developer with strong experience in React.js, Next.js, HTML, CSS, and modern UI libraries. Passionate about clean UI/UX, performance optimization, and building responsive, production-ready web applications.

PROFESSIONAL SKILLS

Design Understanding Team Collaboration
Team Collaboration Visual Design

TECHNICAL SKILLS

Java, React, Node, HTML, CSS, JavaScript,
MySQL, REST APIs, Git, Agile, WebSocket, Postman

PROJECTS

Real-time Chatting App ([Friend Fusion](#))

Programmed a **real-time MERN stack chat application** for a school project.

Enabling **low-latency messaging** for **20+ active users** via **WebSockets**.

Designed a **responsive React interface** and integrated **secure authentication**.

Currently used by students for project coordination.

Image Resizer & Compressor Web App ([TinyFiles In Production](#))

Built a production-ready image resizing and compression web application for **document** workflows. Achieved **60–80%** client-side file size **reduction** with acceptable quality.

Designed a responsive, intuitive UI for **desktop and mobile**.

Integrated **secure user authentication** and **cloud storage** for safe file management.

Currently live, **handling 50+** daily **graphic processing** requests during testing, with ongoing performance monitoring and feature refinement based on user feedback.

EXPERIENCE

Web Developer (Internship)

Jun 2024 - Aug 2024

Created **10+ responsive** UI components using HTML, CSS, JavaScript, and React. **Collaborated** with a 4–5 member **cross-functional** team, integrating features via an Agile/bi-weekly sprint workflow. Debugged and optimized UI, enhancing page **responsiveness** and user experience.

EDUCATION

Bachelor of Computer Applications (BCA)

Jun 2022 - Present

Indira Gandhi National Open University (IGNOU)

Completed key projects using JavaScript, React, Node

Active participant in Hackathons, CTF challenges and coding contests

ADDITIONAL INFORMATION

Languages: English, Hindi

Certifications

CISCO : Introduction to Cybersecurity

Web Development Certificate
